

QBEAM250

250W LED Beam Movinghead Spot

Features

QBEAM250 is a compacted size moving head light with eco—friendly Led source. While small in stature, it delivers power-ful light output with its 250-Watt white COB LED engine. With advanced optic system, it makes a perfect beam for any events. LUCASLGT lighting systems provide a near-perfect and soft light. With these systems, you can achieve the performance you want in many small, medium-sized and large areas with very easy installa-tion.

This type of light, specially designed for projects, is designed to give you the highest quality and most colorful lights.

Technical Specifications

| Feature | Specification |
|--------------------|-----------------------------------|
| Light Source: | 250W White LED (7500K) |
| Zoom Range: | Motorized 9°–32° |
| Color Wheel: | 9 colors + open |
| Fixed Gobos: | 9 gobos + open |
| Rotating Gobos: | 7 gobos + open |
| Prism: | 3-facet rotating prism |
| DMX Channels: | 17CH |
| Control Protocol: | DMX512, Auto, Sound, Master-Slave |
| Pan/Tilt Movement: | 540°/270°, 16-bit precision |
| Dimming: | 0–100% Linear |
| Strobe: | 1–25Hz with multiple patterns |
| Cooling System: | Advanced thermal fan + heat sink |
| Display: | OLED with 4-button menu |
| Display: | AC 100–240V, 50/60Hz |
| Power Consumption: | Approx. 300W |
| Housing Material: | Aluminum + ABS, black coating |
| Product Size: | 300 × 205 × 543 mm |
| Net Weight: | 13.5 kg |
